YES Grizzly Bear/Human Conflict Reduction Workshop
Thursday, October 31, 2019
Holiday Inn, Cody WY

YES is hosting this workshop in order to allow public participation in the dialogue regarding reducing grizzly bear/human conflict within the Yellowstone Ecosystem. We will focus on the five priority issues the YES committee agreed to focus on at the spring 2019 YES meeting. For these five issues, attendees will discuss the following questions:

- What recommendations do you have to reduce future grizzly bear mortalities and to address grizzly bear/human conflicts?
- What actions are you or your organization already taking?
- Are there areas of interest for additional actions?
- What other partners are needed to take effective action?
