

2019 Conflict Report - Grand Teton National Park and
the John D. Rockefeller, Jr. Memorial Parkway

One grizzly bear conflict was recorded in 2019:

- On November 12, 2019, a grizzly bear knocked over and bit into several packages of insulation in Moran, WY.

Minimum of 361 Bear Jams

- 188 GB (peaked in June)
- 163 BB (peaked in September)
- 10 species not recorded

Wildlife Brigade VIPs contributed over 7,300 hours towards bear conservation and public education efforts.

Continued partnership with GTNPF to cost share expenses related to the purchase and installation of bear boxes.

- ❖ 104 bear boxes (30 ft³) were installed in 2019 - bringing the total number of bear boxes in campgrounds and other developed sites to 859
- ❖ Four of our six campgrounds have a storage locker in each site

Thank You
