

2022 YES Work Plan Update

Jim White

2022 Work Plan

➤ **Current Working Groups**

- Backcountry and Hunting WG
- Livestock Conflict WG
- Conservation Strategy – Chapt. 3 Habitat Standards WG
 - Developed Sites

➤ **IGBST**

- Advancing Demographic Monitoring

Backcountry and Hunting Working Group

- **Food Storage Order - GYE Federal Lands**
 - 2021 - Developed FSO for USFS Lands
 - Expect USFS Final FSOs signed winter 2021-2022
 - Reviewed by ID, MT, WY
 - 2022 - Begin to assist BLM with consistent FSO language
- **WYOGA Video**
 - 2022 - Share as widely possible
- **2021 - Identified consistent educational signage across land ownerships as a need.**
 - Begin work on consistent educational signage throughout the GYE - 2022

Livestock Conflict Working Group

2022

- Increase Work Group participation
- Expand participation beyond YES – NGOs, Wildlife Services, landowners, producers
- Refine Work Objectives and begin work

Developed Sites Working Group

Next Steps – 2021, 2022

- Public comments (as per the Conservation Strategy)
 - comments accepted until December 31, 2021
- Process and evaluate public comments over winter 2022
- Goal: Finalize revisions at spring 2022 YES meeting

Next steps: IGBST - YES

- Incorporate 16-km Chao2 estimates into IPM (completed 2021)
- Update IPM with 2019-2021 data and final testing (ongoing)
- Final reporting to YES-IGBC (spring 2022)
